## The Landscape Show - CANCELLED

9/14/2017 - 9/16/2017

Orange County Convention Center, Orlando, Florida

The Landscape Show scheduled for September 14-16, 2017 has been cancelled. This decision is based on the best available information in light of the statewide dangers posed by a powerful Hurricane Irma and out of an abiding concern for the safety and safe travel of The Landscape Show exhibitors, buyers and attendees. Pre-registered attendees for The Landscape Show and associated FNGLA events can expect to receive full refunds.

Join over 6,500 attendees, and attend the Southeast's premier landscape and horticulture conference and trade event. The Landscape Show features over 200,000 sq. ft. of trees, shrubs, equipment and more from nearly 450 exhibiting companies. The Landscape Show offers a complete cast of plants, trees, palms, landscape equipment, hardscape products, irrigation, production equipment, business services and garden center supplies. You'll find superstar products you already love and discover the new looks, talent and ideas the industry has to offer. The Landscape Show is the host venue for The Knowledge College: a two-day educational event.
