

Biopesticides Europe Conference

6/6/2018 - 6/7/2018

Amsterdam, The Netherlands

The two day event will bring together key industry stakeholders from the biopesticides industry to discuss the challenges faced and the future opportunities. The conference will discuss the current overview of the markets, with highlights from experts on the progression of the biopesticides market and new insights and innovation of projects in pipeline. There will also be insights from end-use markets giving updates on market growth drivers along with sustainable advancements in technologies and R&D projects.
