Connecting the Dots for Pollinator Conservation: Wildflower Meadows and Pollinator Habitat

7/30/2019 - 7/30/2019

University of New Hampshire Woodman Horticulture Farm, Durham, New Hampshire

Learn fun, effective and beautiful ways to enhance your local habitat and bring back pollinators. Whether you are a landowner, landscaper, gardener, farmer, concerned citizen or serve on a municipal board, land trust or other nonprofit, your actions and decisions are important to pollinator conservation. The field day is free and open to the public.
