Plant Health on the Go!

12/3/2019 - 12/3/2019

Mid-Florida Research and Education Center, Apopka, Florida

Presented by The University of Florida and the Florida Nursery, Growers and Landscape Association (FNGLA). Join industry and University of Florida experts Dr. Paul Fisher, Dr. Lance Osborne and other university professors and extension specialists for this day-long educational opportunity. Includes presentations and hands-on demonstrations on biological pest control, heat tolerance, disease management, weed management, LED lighting and root health.
